Sec. 10-107. - Seizure and disposition of animals.

Any animal or fowl found running at large or otherwise being kept in violation of this chapter may be seized by the health officer or by any police officer and confined in a pound provided or designated by the board of mayor and aldermen. If the owner is known he shall be given notice in person, by telephone, or by a postcard addressed to his last-known mailing address, and the animal or fowl will be humanely destroyed or sold if not claimed within five days. If the owner is not known, a notice describing the impounded animal or fowl will be posted in at least three public places within the corporate limits. The notice shall state that the impounded animal or fowl must be claimed within five days by paying the pound costs or the same will be humanely destroyed or sold. If not claimed by the owner within the specified period, the animal or fowl shall be sold or humanely destroyed, or it may otherwise be disposed of as authorized by the board of mayor and aldermen.

Any person claiming an impounded animal shall be required to pay a reasonable fee to cover the costs of impounding and maintaining such animal.

At the discretion of the animal control officer, such quarantine may be on the premises of the owner, at the shelter designated as the city animal shelter, or at the owner's option and expense, in a veterinary hospital of his choice. In the case of stray animals, or in the cases of animals whose ownership is not known such quarantine shall be at the shelter designated as the animal shelter.

(2) The owner upon demand by the animal control officer shall forthwith surrender any animal which has bitten a human, or which is suspected as having been exposed to rabies, for supervised quarantine, the expense of which shall be borne by the owner. Said animal may be reclaimed by the owner if it is adjudged free of rabies, upon payment of the required fees, and upon compliance of the registration provisions set forth in section 10-202.

(3) When rabies has been diagnosed in an animal under quarantine or rabies is suspected by a licensed veterinarian, and the animal dies while under such observation, the animal control officer shall immediately send the head of such animal to the state health department for pathological examination, and shall notify the proper public health officer of the city of the diagnosis.

(4) Dogs or cats bitten by a known rabid animal shall be immediately destroyed or if the owner is unwilling to destroy the exposed animal, strict isolation of the animal in a kennel for six months shall be enforced. If the dog or cat has been previously vaccinated, within time limits established by the city health officer or public health service based on the kind of vaccine used, revaccination and restraint (leashing and confinement) for 30 days shall be carried out.

(5) No person shall kill, or cause to be killed, or remove from the corporate limits, any rabid animals, any animal suspected of having been exposed to rabies, or any animal which has bitten a human, except as herein provided, without written permission from the animal control officer.

(6) The carcass of any dead animal exposed to rabies shall upon demand be surrendered to the animal control officer.

(7) The animal control officer shall direct the disposition of any animal found to be infected with rabies.

(8) No person shall fail or refuse to surrender any animal for quarantine or destruction as required herein when demand is made therefor by the animal control officer.
